“ . . . Let the word go forth from this time and place, to friend and foe alike, that the torch has been passed to a new generation of Americans—born in this century, tempered by war, disciplined by a hard and bitter peace, proud of our ancient heritage. . . .”

## FOREWORD

When we, the graduates of 1964, entered Muscatine High School as freshmen, the four years until graduation looked like an eternity. Now, as we leave to follow fortune's beckoning, the four years seem to have passed too quickly.

High school life is a growing process which means many different things to all of us. We can look back on many happenings of the past four years and laugh with the happy memories, but the laughter may turn to a tear of sorrowful regret with the realization that our high school days are over.

During these years we have all grown and matured in different ways. The one universal event which most affected our lives happened on November 22, 1963, when hate and ignorance rose up and claimed the life of our late President John F. Kennedy. We all spent much time trying to convince ourselves that it was not just a nightmare, but an unworthy act of man. We were shocked and disturbed as were the entire nation and world. We did much reflecting and growing on that tragic November weekend; and rededicated our lives to educating ourselves as a "new generation of Americans," and confidently accepted the torch that was passed.

Ours is the last class to attend M. H. S. for four years. We have had this span of time to come to know it well. Leaving will be like departing from an old and faithful friend. It is hoped that the pages of this book will, in years to come, help to recall happy memories of our old, but not forgotten friend—Muscatine High School.

ARTHUR A. JOHNSON

Mr. Arthur A. Johnson, our Superintendent of Schools, is an avid sports enthusiast, and he was once a successful coach in athletics.

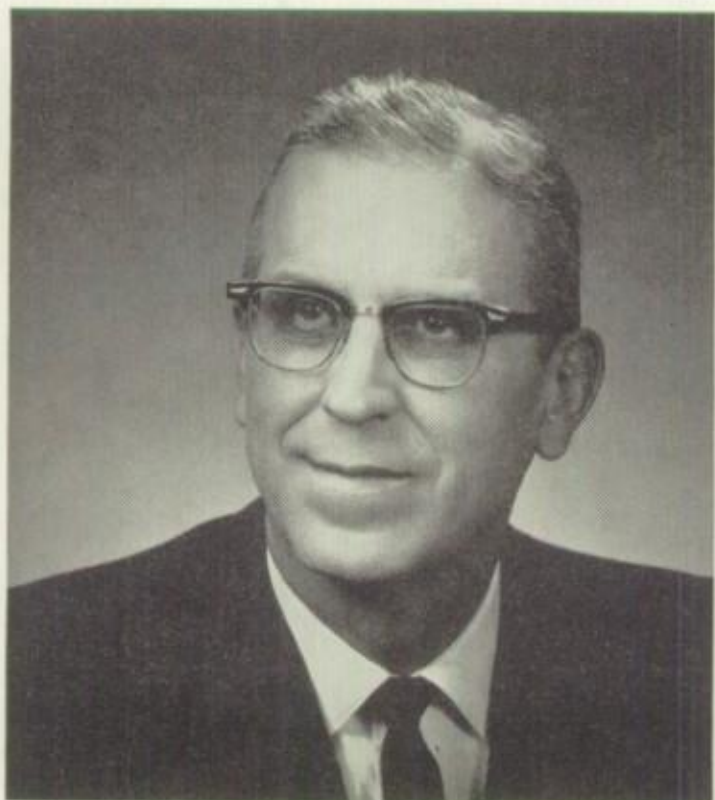

He took his undergraduate work at Morningside College, received his M.A. at the State University of Iowa, and did post-graduate work at Iowa State College.

Mr. Johnson has served for twenty-seven years as Superintendent of the Muscatine Schools. The schools have grown in number until they include a community college, one high school, two junior highs and eight elementary schools. Over 5,000 students are under his supervision.

FRED MESSENGER

Our principal, Mr. Fred Messenger, is very much at home sitting on hard benches squeezed in among his teenage students, while quietly watching the outcome of our games. This year he has tried hard to keep more than 1,000 people happy in all of his decisions. One way to keep him in good humor is to be an "Emily Post" fan and have good manners. If you want to talk about Mr. Messenger's favorite sport, you had better know a lot about golf. After receiving his B.A. degree at Iowa Wesleyan, he subsequently earned his M.A. degree at the University of Iowa. He began his teaching and administrative career in January of 1925.

MR. SCHNACK

Mr. Schnack, better known as "Lefty," is our assistant principal at Musky High. He also carries the responsibilities as Director of Activities and supervisor of the cafeteria program. After graduating from Central College, in Pella (1932), "Lefty" played professional basketball for one year and then coached for three years at Wilton. He came to Musky High in 1936 and at the conclusion of this school year will have served M. H. S. for 27 years.

MOTTO: We Are Tomorrow's Future

FLOWER: Wild Rose

COLOR: Scarlet and White

MARY ADAMS "Midge" . . . This senior girl stands 5'3" has brown hair and brown eyes. Some of her favorites include: the color blue, basketball, sociology with Mr. Wright, and the expression "Forget it!" Midge has been active in band for two years and her favorite year at M. H. S. was her senior year. She feels that school spirit could be improved a great deal. After graduation Mary plans to get a job.

SUSAN ANDERSON "Sue" . . . This 5'1" senior girl may be seen around the halls of M. H. S. saying "You're kidding." Sue's activities included band and Girl Scouts. Sue's favorites included the color red, Spanish, swimming and her senior year. Sue, when not participating in band or Girl Scouts, likes to spend her time riding around or watching football games. After graduation Sue plans to attend S.U.I.

GENE ALLEN . . . This tall (5'2") brown-eyed guy's honors are lettering in wrestling and going to state his junior year. High on his list of favorites are the colors black and white, family relations, wrestling, riding around, hunting, and his senior year. Gene's a little uncertain about his after graduation plans, but we wish him the best of luck in whatever he does.

JAMES ARD "Jimm" . . . If you see a 5'7" boy with brown eyes "messin' around" in the halls, it will probably be "Jimm." When asked what his favorite year was at Muscatine High School, Jimm replied, "Senior year because it was more fun!" During his four years of high school, Jimm was active in football and wrestling. After graduation he plans to attend M. C. C. and become an engineer.

JACK CHARLES ALLEN . . . This gray-eyed, brown-haired senior was a new comer to Muskie High this year. One thing which disgusts Jack is when the library books he wants are never available. After graduation he plans to attend college. Working as a farm hand occupies Jack's time after school. Some favorites of this 5'10" senior are swimming, math, reading, and the color deep purple.

MARCIA ARP "Marty" . . . "Marty," a 5'1" green-eyed blonde, has a really different ambition. She plans to study architecture at the University of Southern California. This would lead us to suspect, and rightly so, that her favorite subject has been mechanical drawing. Marcia also enjoys dancing and going to the races—any and all kinds. Marcia worked at the Cheri-Top during the summer.

GARY ALLISON "Gar" . . . This being "Gar's" first year at M. H. S., he thinks the school spirit is average. Outside of school, he occupies his time by working at Wareco. Gary plans on attending M. C. C., and then going into the Air Force. School cliques and people who lie are two of the things which provoke Gary. Some of his favorites consist of football, history, and the color blue.

JUDY ASKAM "Dudie" . . . While strolling down the halls of Muskie High, I heard someone call out, "Hey Dudie," and such magic; out of nowhere came this cute 5'5", blue-eyed, blonde-haired senior gal yelling "Boo-haa-haa." Since she has been a cheerleader for three years, you can find her cheering at any of our games. If you happen to be looking for Judy, she can be found working for Dr. Potter.

JOLENE AMENT "Jo" . . . This 5'2" brown-eyed, brown-haired gal has been very active during her years at Muskie High. Jo has participated in G. R. A., Pep Club, Hi-Tri, Rainbow, and Auroran Newspaper, in which she was circulation manager. Some of Jolene's favorites include football, economics, the expression "Boo-haa-haa," and her senior year. Jo plans to go on to school, probably in St. Louis, to become a lab technician.

JANE AWBREY "Janie" . . . The favorite expression of this 5'2" brown-haired, brown-eyed senior gal is "Boo-haa-haa!" Attending M. C. C. and then locating a job, are Janie's future plans. If you are one of those people who greet her with a Hi-eee in the morning, you are creating one of her gripes. Student Council and Dramatics consume most of Janie's time during school. Basketball, golf, American history, and the color blue are a few of Jane's favorites.

P. J. ANDERSON . . . A few of this active, blue-eyed, brown-haired senior's favorites are tennis, math, the color blue, and the expression "How about that!" His honors have been vice-president of the freshman class, Student Council member three year, treasurer of the sophomore class, a Little Six Advisory Council Member, and lettering four years in tennis. His plans for the future are centered around college.

BOB BALL "Wong" . . . Bound for M. C. C. is Bob Ball, who stands 6', has brown eyes, brown hair, and claims that he has been active in Chorus and DeMolay. Boys who boo at games are a provoking thing to him. Bob was presented with a letter in Chorus. Bob's most embarrassing moment is too embarrassing to reveal. Among his favorites are basketball, English literature, and the color blue.

**FRANCES BALLENGER "Fran"** . . . In my crystal ball I see for this gal a career as a beautician. I also see that she has been an active member of Dramatics, bowling, Hi-Tri, Pep Club, and Grange. You may find "Fran" listening to the radio or bowling and being with the girls. Frances dislikes inconsiderate people. I see a successful future for this gal.

**GENE BATTEY "Cork"** . . . This senior boys stands 5'11" tall, has brown hair and blue eyes. If you hear someone saying "Ya got me," it is probably Cork. His favorite color is blue and his pet peeve is a person who wrecks a good thing for everyone else. Cork's hobbies are golfing, for which he has received a letter, and hunting. He is planning to attend M. C. C. after graduation.

**IRENE BEEDING "Beenie"** . . . Looking for Irene? She can be found working as a waitress at Maid-Rite No. 2. Beenie is 5'1" and has blue eyes. Her plans for after graduation are to keep working at the Maid-Rite. Irene's activity has been being a monitor. Her pastime and favorites are sewing, cooking, home economics, the color blue, and her senior year. Irene feels her senior year was the best because she had the most fun, and it was the most exciting.

**JANE MARIE BELLINGER** . . . This 5'2", blue-eyed, brown-haired senior hopes to attend St. Luke's Hospital next year and later become a nurse. At the present time she can be found working at Coles Inn. Jane was among the five girls to be able to go to State Playday in Ames. She has participated in Newspaper, G. R. A., and Nurses Club. In her spare time Jane likes to read and have fun.

**MARY BELTMAN "Mar"** . . . "Ring-a-ding" is the way to describe this 5'4" senior gal. "Mar's" green eyes flash angrily at people who think they are better than everyone else. She has been active in Glee Club, Rainbow, Amicae, Pep Club, and U. P. Y. Here is something you may not have known about Mary, in her spare time she eats shrimp while listening to records.

**DAVE BENNETT** . . . You will probably find this 5'6" blue-eyed, brown-haired senior working at Paetz's, riding around on his motorcycle, or trying to stay out of trouble. When writing Dave's last name be sure and don't omit the "t." (I think that is a great dislike with Dave.) Dave thinks the school spirit has improved in the last three years and hopes it will continue to improve. After graduation Dave plans to go to M. C. C.

**JUDY BERRY "Jud"** . . . This 5'3" senior girl was a member of Amicae, Hi-Tri, Senior Chorus, Pep Club and 4-H. She is annoyed with conceited people. Among Judy's favorites were the color blue, English, basketball, her senior year, and the expression "Forget it." Her favorite pastime is riding around with the girls. After graduation Judy plans to attend M. C. C. and then go into office work.

**ROBERT BIERMAN "Butch"** . . . This 5'11" senior dislikes girls who always get their parents' car. "Butch" enjoys working on cars, eating, football, eating, mechanical drawing, and the color metallic green. (Eating?) Chorus, F. F. A., and working occupy most of his spare time. Robert admits that he enjoyed his senior year most because he accomplished more. After graduation Butch plans to follow his own advice and "Take it easy."

**CONSTANCE KAY BIGELOW** . . . Have you noticed the brown-eyed gal working at the Uptown Theater's candy counter? That's Connie, whose favorite pastimes include listening to records and riding around. Connie was annoyed by people who slammed her locker door after she had just opened it. Pink or lavender, which go attractively together, are also her favorites.

**NANCY LEE BISHOP "Nanc"** . . . This dark blonde, green-eyed gal's favorite expression is, "Aw shuckins." Nancy's favorite year was her senior year. Day dreaming, listening to the radio, dancing, and just goofing around are on Nancy's list of favorite pastimes. Her favorite sports are swimming and football, while blue and home economics are tops on her list too. After graduation Nanc plans to travel west or attend I. B. M. school.

**MARY ANN BLAKE "Mary"** . . . The pet peeve of this 5'4" senior is people who think they're better than everyone else. After graduation Mary plans to attend M. C. C. She has belonged to Pep Club, Hi-Tri, Amicae, and Band. Mary Ann thinks the school spirit is improving slowly. Some of her favorites are swimming, family relations, the color green, and the expression "Meter Man."

**TIM BLOOMER** . . . This senior boy plans to attend college and later practice psychiatry. Tim has participated in Debate and the Taffy Pulling Association (T. P. A.) Some of his favorites include: trigonometry, chess, the color chartreuse, and the expression "Smok! Smok!" Tim enjoyed his sophomore year the most because it was the next to the next to the last year. Oh me! Oh my!

**DIANE BOWMAN "June"** . . . After graduation this 5'6" senior gal plans to attend M. C. C. She liked her senior year the best because she had the most fun. Diane lettered in Senior Chorus. Diane thinks the school spirit has improved considerably since her freshman year. One of the dislikes on the top of her list is cliques. Her favorite expression is "What's the diff."

**LINDA SUE BRODIE "Birdie"** . . . If you're one of those drivers who does not use his turn signals, you're high on the list of Linda's dislikes. Dancing and listening to record albums are some of the favorite pastimes of this 5'4" senior girl. Linda belonged to Amicae for one year, and Band for one year. She thinks the school spirit has risen considerably since she was a freshman.

**DOUG BOWMAN "Squeaky"** . . . "Squeaky" turns his head in disgust over T. V. commercials. High school has exhausted Doug's energy, and he plans a one year rest following graduation—to be followed by Air Force duty. Sports-wise he is a swimming enthusiast. Wear lavender and you will not disappoint Mr. Bowman.

**EUGENE BRYANT "Gene"** . . . This 6'4" senior's favorites are swimming, grammar, reading, and the colors baby blue and white. Gene likes to be with people and serve in church work. He plans to spend two years at M. C. C. and then go to Drake. Gene has been active in Band, Glee Club, and Curia Regia. His pet peeve is people who are unfriendly and make it hard to be honest. Eugene feels we have good school spirit.

**SANDRA BRADLEY "Sandy"** . . . Sandy's plan after graduation is to attend a school of cosmetology. Tennis, art, the color blue, and the expression, "That's right," are some of this 5'2", blue-eyed senior girl's favorites. During the past four years she has been active in chorus and small groups and during her senior year she has been a monitor.

**NANCY BURZELL "Burz"** . . . If you are one of those people who gather in the middle of the hall or at the top of the steps, you are included as one of Nancy's pet peeves. After graduation Nancy plans to go to beauty school or just get a job. Some of her favorites are basketball, home economics, and the color blue. She has belonged to Amicae, Hi-Tri, and Pep Club. She thinks the school spirit improves a little bit each year.

**LARRY BRENDEL** . . . People who drive exceedingly slow is the pet peeve of this 5'10", blue-eyed, brown-haired senior boy. Larry's best year at M. H. S. was his senior because it was his last and the most fun. In Larry's estimation the school spirit is fair. He spends some of his time after school working on a farm. His favorite pastimes are hunting and going to jalopy races.

**LYNDA LEE BUNN "Lynn"** . . . Dramatics, Thespians, International Club, Hi-Tri, Pep Club, and Prep Bowling have filled most of Lynda's four years at M. H. S. Besides these activities Lynn finds time to read and work on plays. Lynda's favorites consist of the color blue, basketball and baseball, English, and the expression "Oh fudge!" Lynn's plans for the future center around M. C. C. and then college to teach elementary grades.

**LE ROY BREWER "Elroy"** . . . This 5'6" blue-eyed senior has the pet peeve of "people who lean on other people." His favorite pastimes include "doing anything outdoors." Often he can be heard saying, "You wanna bet!" Le Roy believes his freshman year was the best because it was new, exciting, and he had lots of fun. M. C. C. is included in his future plans. When asked about the school spirit, he agreed that it is an over-emphasized subject.

**MARGARET BUNN "Peggy"** . . . Here is a vivacious gal who will answer to Peggy faster than Margaret. This 5', hazel-eyed gal says "I'm all right, it's the world that is wrong." Peggy has participated in Band and Girl's Prep Bowling. She enjoys bowling, boating, skiing, home ec., and family relations. Peggy thinks we need more excitement within the student body.

**JUDY BRODERON** . . . This 5'3" brown-eyed girl spent her time growing fingernails, sewing, and messing around with her friends. Wreckless drivers tend to make her blood boil. Judy thinks the school spirit is good, but it can always stand improvement. Football and baseball, family relations, the color pink, and and her senior year rank high on her list. "It's hurting for certain" is her favorite expression.

**PHYLLIS BURMEISTER "Dudd"** . . . When asked a question by this 5'5", blue-eyed, brown-haired senior, give a reasonable answer or you will be on her pet peeve list. Phyllis's favorites include home economics, lavender, her senior year, and the expression "Are you sure?". Outside of school Phyllis can be found baby-sitting. Her activities include Glee Club and Library Club.

**ALBERT CARDWELL** . . . If you happen to see this senior boy, be sure and call him Albert, since being called "Al" is one of his pet peeves. All biology teachers beware, too, you are also on Albert's pet peeve list. This guy's favorite year was his sophomore year, because more teachers knew him. Also high on his list is the subject mechanical drawing and the color black.

**CLAYTON CARVER** . . . This 6'4" senior guy has baby blue eyes and loves seniority. Clayton lettered in golf and considered himself honored because he had no monitor tickets throughout his four years. Chemistry, lacrosse, electric pink, iridescent green, and riding on his cycle top Clayton's list of favorites. After graduation Clayton plans to further his education in one of America's well-known institutions.

**JULE CHELF "Jules"** . . . After graduation, Jule plans to attend Andrews College and possibly become a teacher. The expression "Boo-haa-haa," being with the girls, and listening to records are some of Jule's favorites. Aside from being an active member in Band, Pep Club, and Hi-Tri, she also enjoyed speech, French, and geometry. When asked about her senior year at Musky High, Jule replied, "We realize it is our last year and we are trying to make the most of it."

**JERRY CHRISTIANSON** . . . Working at Monroe Street Market occupies most of this green-eyed guy's time. In the rest of his spare time Jerry enjoys water skiing, working on his car, and riding around. He has a very great dislike for homework and monitors. "Jer-i" can usually be found saying "Don't sweat it," or listening to Mr. Weis in family relations. For Jerry, the future holds either plans for study at M. C. C. or a journey to trade school.

**FRANK CHURCH "Pacho"** . . . Lettering his junior year in wrestling was an honor of this 5'6" brown-haired brown-eyed senior guy. This may be the reason why he chose wrestling as his favorite sport. Among Frank's other favorites are English Lit. with Mr. Shook, the expression "Are you sure and liver?" Besides wrestling, Pacho's spare time is taken up by hunting, swimming, and card playing. He thinks the school spirit has improved greatly in the past two years. After graduation Frank plans to work for a year and then enter the armed forces.

**ELWOOD CLARK "Woody"** . . . Several honors have been given to this blue-eyed senior, included in these were: Band vice-president, Dance Band leader, De Molay line officer, and 1st rating contest in sax quartet. People who always involve themselves in other people's business bother Woody. In the future, he plans to further his education in the field of medicine. Going to become a famous doctor, Woody?

**RON COCKSHOOT "The Man"** . . . This 5'9" senior had the honor of being chosen to play the part of "Stewpot" in South Pacific. Among his other honors were lettering in swimming, track, and Chorus. Ron's favorites are swimming, drivers education, the color red, his senior year, and the expression, "Call, call, call." When not participating in Senior Chorus or De Molay, Ron may be seen at Meerdink's. He plans to attend M. C. C.

**CATHY COLLINS "Catrina"** . . . This short senior gal stands a big 4'11" tall. Cathy's favorites include riding in the Model "A" with the girls, her senior year, and the expression "Meter Man!" Cathy says the school spirit could be improved a great deal. She has been kept busy participating in Hi-Tri, Amicae, Chorus, and Pep Club. After graduation, "Catrina" plans to go to Community College.

**JAMES THEODORE COLSCHEN "Ted"** . . . "Ted" is considered to be one of the working men at M. H. S. When he is not working with cars, you can find him loafing (just kidding) at Paetz's, which is his outside job. "Ted" doesn't really have a favorite sport, but he does like Mr. Shook, English, his senior year and the colors black and white.

**BOB CONNOR "Conrad"** . . . This 5'9" blue-eyed, brown-haired senior said his favorite year was his freshman because everything was new. His pet peeves are so called friends. Bob likes to ride around and play his guitar. You can find Bob working at the Bridge Grocery in his spare time. Bob likes wrestling and bookkeeping. He thinks the school spirit was better the first year he went to Muskie High. After graduation Bob plans to go to M. C. C.

**DOUG CONNOR** . . . Doug claims all of his friends just naturally call him "Convict." People who never say "Hi" in the hall, and monitors are an automatic dislike of this senior. I'm sure you will never forget the sales-pitch this master-mind gives you, if you ever go into Batterson's. Linda's crystal ball shows her in a 'blue' haze as she rides the Rhine River in Germany a few years from now singing; "Du, du begot mir im Herzen."

**TOM WINDMAN** . . . This 5' 9 1/2" brown-eyed senior guy has won a scholarship award in F. F. A. Tom plans to attend Community College for one year and then go to S. U. I. This guy has been an active member of F. F. A. and Science Club. All you overly talkative girls are on Tom's black list. High on his list of favorites are softball, algebra, and the color blue. Tom thinks that school spirit needs improvement.

**ARLENE WOLFORD** . . . This green-eyed senior has had many honors, such as: lettering in Dramatics and Chorus, and being a member of National Honor Society. Arlene has participated in Chorus, Dramatics, G. R. A., and E. U. B. Y. F. You may have seen Arlene's cheery face at Henry's. In her spare time Arlene enjoys reading, hiking, raising flowers, and listening to Peter, Paul, and Mary recordings.

**PAM WOODSTRA "Pami"** . . . "Pami," a 5'4", green-eyed, brown-haired gal, is disgusted when she has to wait in line. She has been class president three years, president of Student Council, and a member of National Honor Society. In the future Pam plans to attend college and later be a psychologist. When not participating in swimming, golf, or wrestling (just watching of course), "Pami" can be found wearing yellow and muttering "Boo-haa-haa."

**DARLA YERINGTON** . . . This 5'3" senior girl's most embarrassing moment was on July 16, 1961. Darla has participated in Hi-Tri, Pep Club, Glee Club, and worked in the school office. One of her pet peeves is people who brag about themselves. Darla's favorite year was her senior year. Among her favorites are water-skiing, biology, and the color yellow. She has not made any definite plans for the future.

**KAREN YERINGTON "Dickie"** . . . The favorite expression of this 5'5", blue-eyed, blonde-haired senior is "I give up." Her junior year was her favorite because it was the easiest and most fun. After graduation she plans to get a job. Her favorite pastime is messing around with the girls at Pasquales and driving a motor scooter. Karen's pet peeve is people who stand in the middle of the hall to talk.

**CHRISTEEN YOUNG "Chris"** . . . If you hear someone saying "Oh, forget it buddy!", it could be "Chris." If you are one of those people who act smart and make like they are better than anyone else, you had better stay out of her way. After graduation she plans to go to beauty school or commercial art. Some of her favorites are basketball, family relations, and the color blue.

**RICHARD YOUNG "Rich"** . . . This 5'7" guy can be found at Rebehn's Texaco gas station or tuning his yellow Chevy. This might be a reason why he likes drag racing. "Rich" liked his senior year best because he felt more important. Ranking top among his pet peeves is people who clutter the halls. His favorites include printing and the color blue.

**ARNOLD ZIEBARTH "Arnie"** . . . Have you seen a senior boy around that matches this description? He is 6', has green eyes and uses the expression, "You ain't wrong." Working on his father's farm has occupied some of his time along with F. F. A., Science Club, and Chess Club. "Arnie" hopes to enroll at I. S. U. and study mechanical engineering. He received honorable mention in the National Merit Scholarship Test, and his gripe is people who think they know everything.

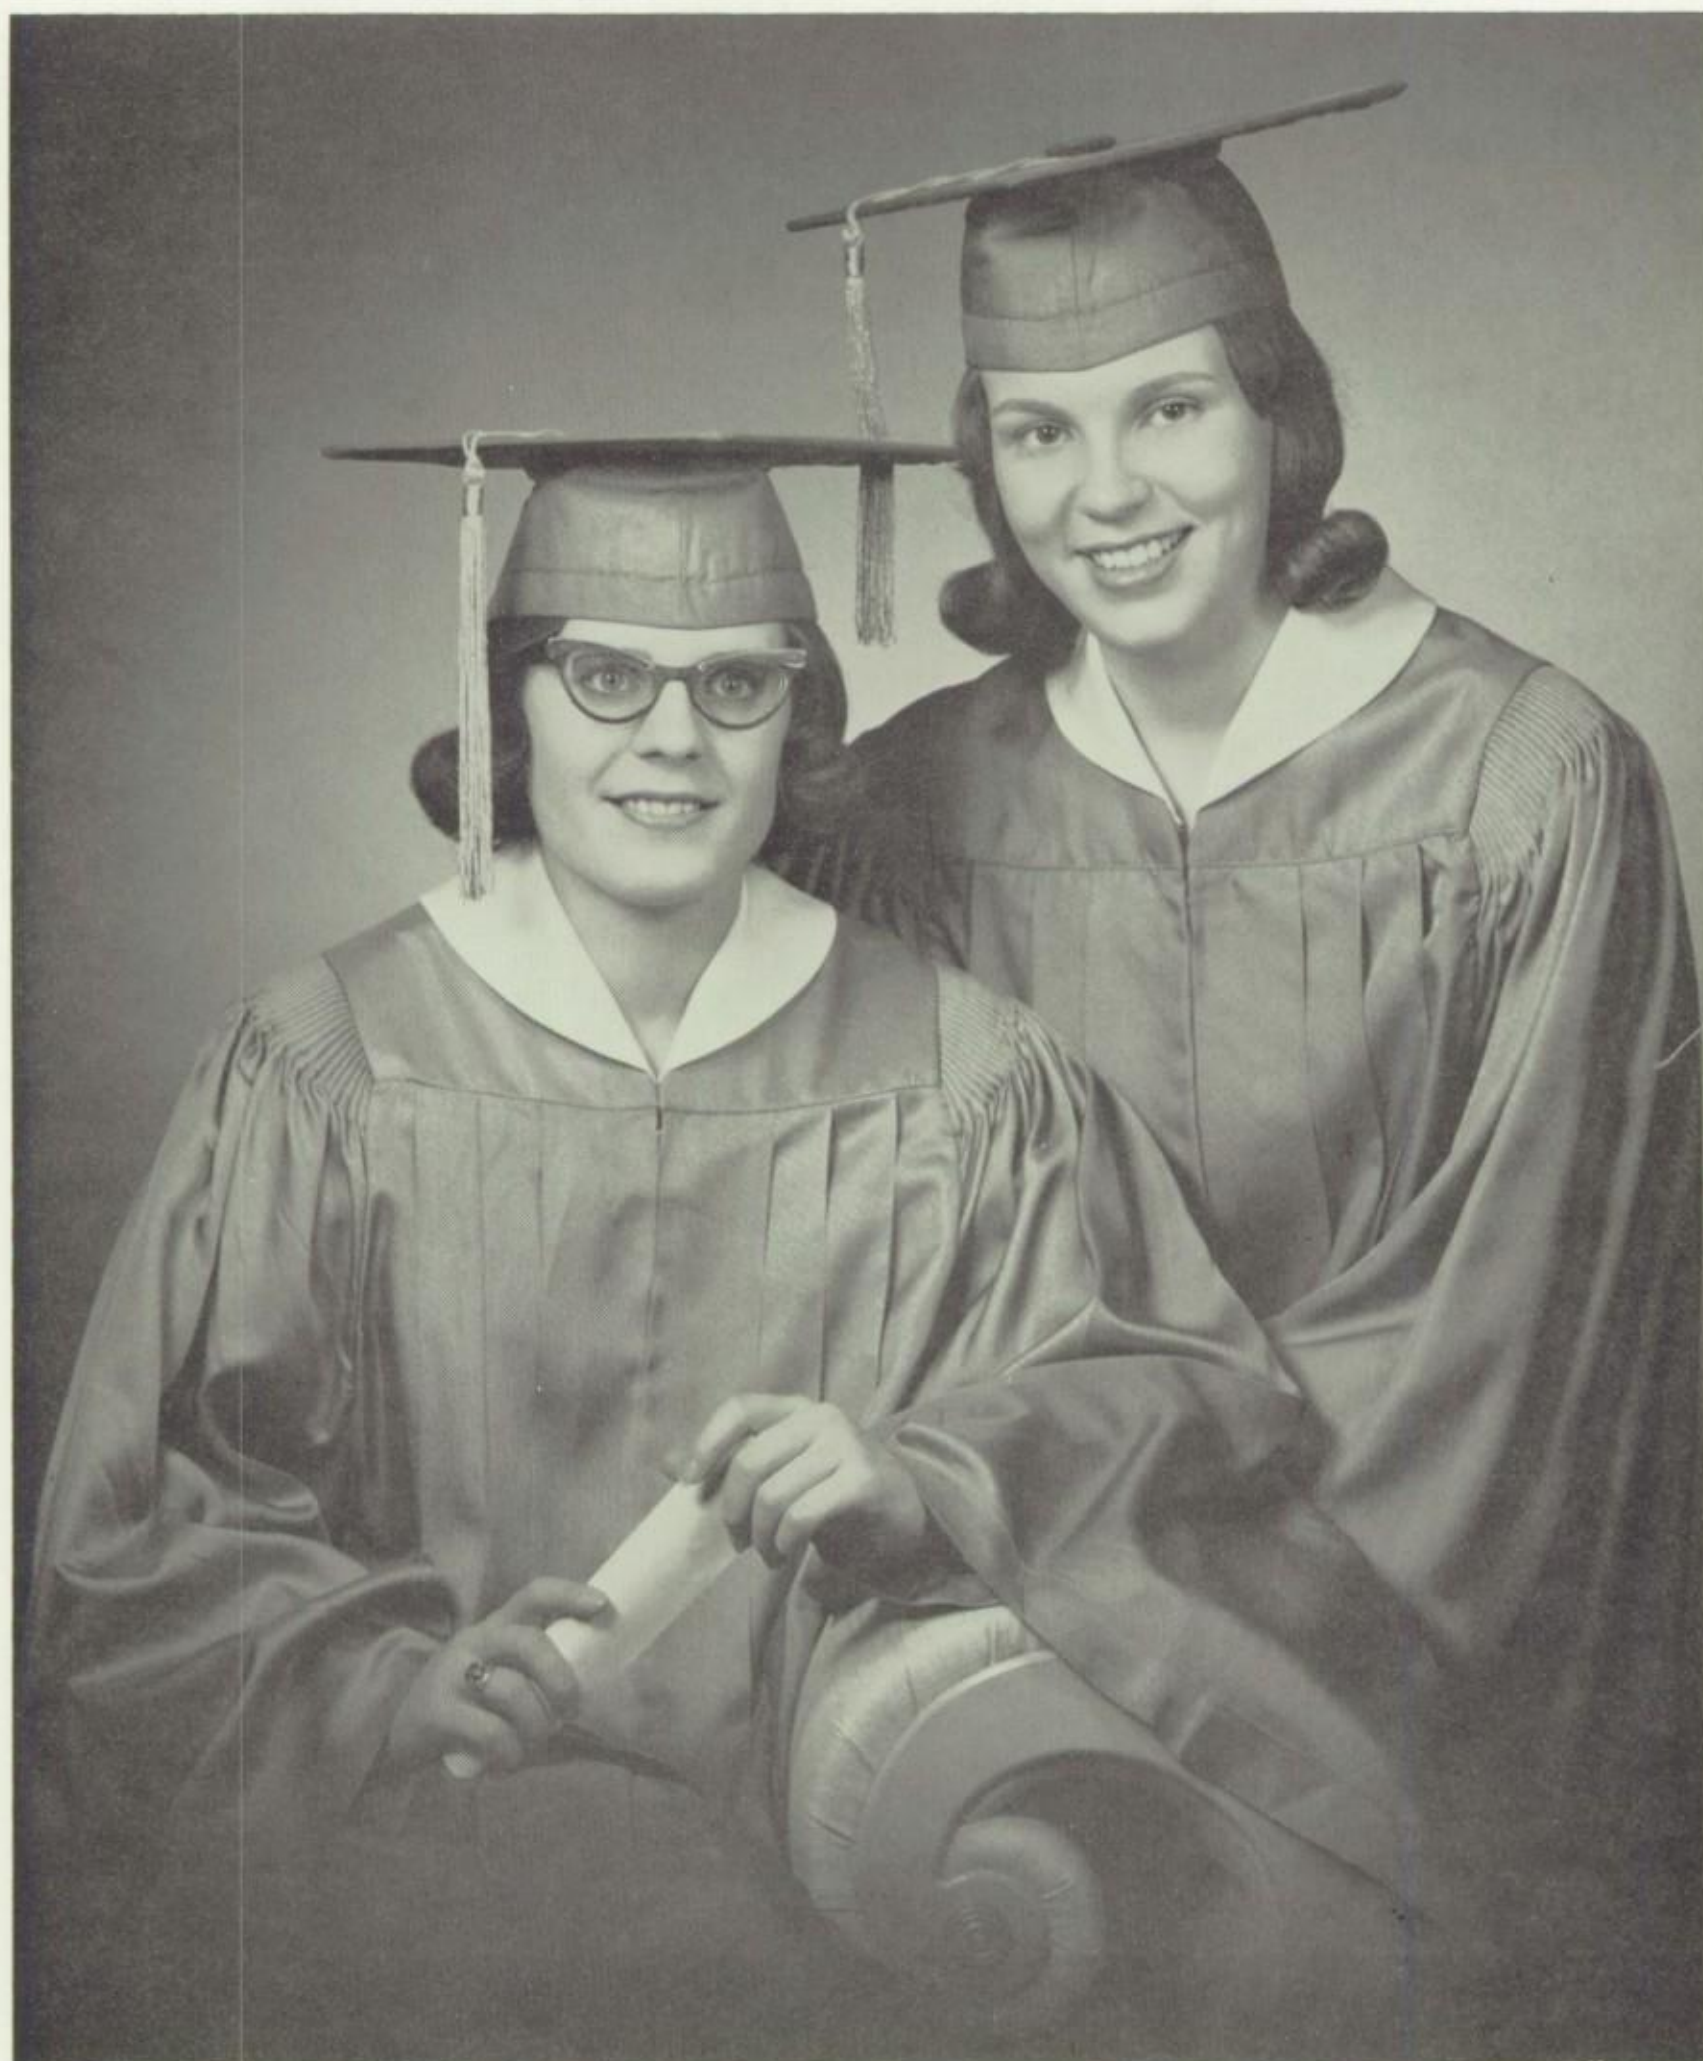

**RONALD LEE ZIMMERMAN "Ron"** . . . Maybe someday we will know "Ron" as the famous scientist who once attended Muscatine High School. Chemistry happens to be his favorite subject, and he plans to further investigate this field of education throughout his college years. "Ron" has no time for the person who refuses to work and disturbs him while he is trying to work. Working with the Thespians as a stage crewman was a pastime which earned three letters for "Ron."

Good luck next year -  
you'll need it. Ha! Ha! Have  
fun next year. -

My Dear Friends:

Eight months ago exactly I arrived in New York knowing no more than that I was coming to a small town in the Midwest called Muscatine. Eagerly anticipating the meeting with my American family, I boarded the bus which was to carry me to Davenport. My first impression of the United States was one of immense size: to travel more than one thousand miles overland seemed quite strange to me. Soon I was settled in my new surroundings; I came to love and feel very much a part of my new home and community.

My school activities have given me many undreamed of opportunities, especially in debate. Throughout the winter I have been kept very busy preparing for weekly contests, and some of my most pleasant memories will be of our trips around Iowa in the red bus, and of the hectic but often hilarious weekends we have spent in Newton, Cedar Rapids, and Ames. My special gratitude will always be due Mrs. Buckles and the debaters, who have done so much to make my participation in the department not only stimulating but thoroughly enjoyable.

But although debating has taken up much of my time, I can also look back happily over several weeks of hard rehearsing for the All School Play; and, later, over a period of temporary "witch-hood" for "Bavash". I shall remember, too, my interesting connection with International Club; and the nerve-wracking time when the Little Muskies seemed so close to going to the State Basketball Tournament.

Schoolwork has presented a vastly different experience for me, and I shall take home many memories of the wonderful friendliness of my American teachers; most particularly I shall remember Mr. Messenger's constant concern and exertions for my well-being.

Without doubt, this year has been an unforgettable and invaluable part of my life and I am proud indeed to have been a Muskie.

Best wishes to you all,  
Yours very sincerely,  
GERALDINE JONES

## GRIDIRON REVIEW

The Muskies finished the 1963 football season with a good 5-3 record. The team featured tremendous offensive punch but seemed to lack an always strong defense. They were never held to less than three touchdowns in a game as they scored a season's total of 200 points. The Muskies suffered two of their defeats by less than a touchdown, and the line between defeat and victory was very slim. In a 26-19 loss at Bettendorf, the Muskies were threatening to score at the end of each half. At Assumption in a 27-20 loss, they missed a TD by less than a yard on a very early key play. The other setback was 40-24 by an unbeaten Ottumwa team. The five victories were by convincing margins. They defeated Little Six foes Burlington 31-13 on homecoming and Keokuk 33-13 in the season finale. They also beat Southeast Six teams Fairfield 20-0, Fort Madison 26-7, and Washington 27-0. Quarterback Herb Grigg topped the potent offensive, while Joe Dodder and Dan Wagler led the defensive unit.

This was primarily a senior ball team, but as the season wore on, Coach Weis utilized a few juniors who will form the nucleus for a major rebuilding job next fall.

## Stellar Year on Hardcourts

The Little Six Champion Muskies finished the 1963-1964 basketball campaign with a great 20-3 record, one of the finest in the history of the school. They had a perfect homecourt record (9-0) and the first unblemished record (10-0) in the conference since 1950. The highest achievement for the Muskies was being rated the No. 1 team in the state by several polls.

After losing their opening game at Clinton 45-42, the Muskies defeated sixteen consecutive foes. They lost the regular season finale 57-55 to Rock Island Alleman, fourth place finisher in the Illinois State Tournament, but came back strong in tournament action. They defeated Davenport Central, North Scott, and Davenport West at Davenport to win the district crown. The opening loss to Clinton was avenged 60-52 in sub-state action before Dubuque Wahlert's inspired effort caught the Muskies on perhaps their poorest night of the season and ousted them from the tourney.

The team undoubtedly finished as one of the highest scoring outfits in the annals of Musky High. They ended with an offensive average of 67 points per game while holding their foes to just 53 points per game. Big Joe Dodder led the attack with a 17-point average. He was followed by fellow seniors Herb Grigg (12.2), Neil Hitchcock (12.0), and Chuck Moody (10.7). Juniors Denny Garvin and Ron Axel carried the rest of the load with averages of 6.1 and 5.3, respectively.

Although the Muskies did not reach the state tourney in Des Moines, they were a team the fans could be very proud of. They showed great courage and sportsmanship in victory as well as in defeat. Congratulations to a tremendous team and a fine group of guys.
